Managing Hybrid Projects using GPMM

4 Courses – 3 Hours / Course
In Total: 12 hours, 12 PDUs
 PDUs: 8 Technical, 2 Leadership 2 Strategic

This training solution consists in a suite of four interactive video-based courses in which you will learn the fundamentals on how to manage projects – being plan driven-, agile- or hybrid projects, using the GPMM 3.0 model.

GPMM® 3.0 (Greenlight Project Management Model) is a versatile framework designed for managing projects, programs, portfolios, and PMOs. It aligns with major industry standards.

AFTER THE COURSE YOU WILL

- ❖ Have better knowledge of the project work form and the importance of a common project culture.
- ❖ Understand the project manager's role in a multi-project organization.
- ❖ Be able to take responsibility for all aspects of a project to ensure its successful conclusion meeting the goals.
- ❖ Be able to use the GPMM Project Management Model.
