

## GPMM 3.0 Course Suite

Interactive video-based training

# Managing Projects Using GPMM

**4 Courses – 3 Hours / Course**  
**In Total: 12 hours, 12 PDUs**  
 PDUs: 8 Technical, 2 Leadership 2 Strategic

### AFTER THE COURSE YOU WILL

- ❖ Have better knowledge of the project work form and the importance of a common project culture.
- ❖ Understand the project manager's role in a multi-project organization.
- ❖ Be able to take responsibility for all aspects of a project to ensure its successful conclusion meeting the goals.
- ❖ Be able to use the GPMM Project Management Model.

### TARGET GROUP

Anyone working or involved in Projects, eg:

- ❖ Project Managers
- ❖ Team Leaders – Team Members
- ❖ Project Sponsors
- ❖ Functional Managers
- ❖ Program and Portfolio Managers
- ❖ Project Office (PMO) Managers and staff

### ABOUT GPMM

- ❖ GPMM (Greenlight Project Management Model) can be used in all types of projects, structured, agile and hybrid projects.
- ❖ GPMM aligns with all relevant project management standards like for example the PMI® standards, Prince2, BABOK, PMDPro2, APMBOK, ISO, the Agile Manifesto and SAFe.
- ❖ Combined with the courses you could also acquire GPMM 3.0 handbooks.
- ❖ GreenlightPM also offers live trainer led virtual training and consulting
- ❖ There will also be specific offline courses covering Agile projects, hybrid projects, business analysis, human skills, program management, portfolio management and the management of PMOs.

In these first four interactive video-based courses in the complete suite of courses you will **learn how to manage projects**, in general but also with the additional value of using the world leading model, GPMM – Greenlight Project Management Model.

The model, which will give you a **hands-on approach** to how to analyze, plan and manage projects, is **based on** the most well-known standards and **best practices from thousands of real projects**.

The courses also cover how to ensure a smooth and efficient collaboration between the project and the surrounding elements, such as the Functional organization, Project Sponsorship, Governance, Functional Areas and the PMOs.

### SUBJECTS

- ❖ Course 1 – Introduction to GPMM
  - Project Culture
  - Projects in a Multi-Project Organization
  - GPMM Overview
  - Roles and Responsibilities and Core 3 Model
  - Project types (Structured, Agile and Hybrid)
  - Case Study
- ❖ Course 2 – Project Initiation Using GPMM
  - Project Initiation
  - Milestones and The Tollgate Model
  - Stakeholder Management
  - Scope Management
  - Setting the Project's Goal and Project Strategy
  - Case Study
- ❖ Course 3 – Project Planning Using GPMM
  - Project Planning
  - Customer Project Specifics
  - Risk Management
  - The Tollgate 2 Assessment / Decision
  - Case Study
- ❖ Course 4 – Project Execution and Conclusion Using GPMM
  - Execution (Establishment, Realization and Handover) and Conclusion Phase
  - Governance
  - The Human Perspective
  - Case Study

### TRAINING METHODS

We apply a training method based on "learning by doing", thus optimizing your learning by combining the **interactive video-based theory classes with exercises, tests and a realistic case study**.

With the case study you will learn how to apply the GPMM model on a customer specific software automation project.
